## Cabernet Sauvignon – Vintage 2006

*It has texture and impact and flavour, and when you swallow it you notice a wealth of finely crafted tannins. It's a true cabernet experience with flavours of chocolate, pencil and dust like notes, and black currant. Very nice. 91 points.*

### *95 points and incredible value*

*Simply great Coonawarra Cabernet Sauvignon, its really fantastic rich liquid velvet across the tongue hints of fruit and spice and a long, long finish. Tony Love writing in the taste section of several newspapers was very positive about the Rymill, marking it 'a cut above'. Whatever 'it' is the Rymill has it in bucket loads.*

**Tony Keys**  
March 2010

*This cabernet vintage, the first under new senior winemaker Sandrine Gimon, is a beauty. Matured for two years in new and used oak, it's nicely balanced and robust with black and blueberry fruit flavours, integrated mint and chocolate and well-rounded tannins.*

**Grape Expectations, Illawarra Mercury**  
**Kerry Skinner**

### *A Southern Star – Simply delicious!*

*Enthusiastic regional flag waving – blackberry and currant with dusty aromas immediately gives origins away fulfilling richness, lovely fine tannin textures and credible finishing touches. Concentration like this often deserves contemplation on its own, but if mum's promising roast lamb and mint sauce, make sure you bring this.*

**4 stars**
