## Shiraz – Vintage 2005

### **90 POINTS**

*Very classy on the nose, still a hint of oak on the palate rather a taut wine to start gains fullness as it travels but never gets fat a good drop and very good value at \$25 or below.*

*Coonawarra Shiraz often takes a back seat to the Cabernet, but many locals believe Shiraz can be as good or better than Cabernet in some years. In a cooler year like 2005, this is probably even more true. Rymill's Shiraz is deep and soft, with loads of ripe dark-berry fruits.*
